

PRESS RELEASE

City of Tifton Offices to Close on January 22, 2025 for Impending Winter Storm Conditions

FOR IMMEDIATE RELEASE: January 21, 2025

Forecast Snowfall Totals

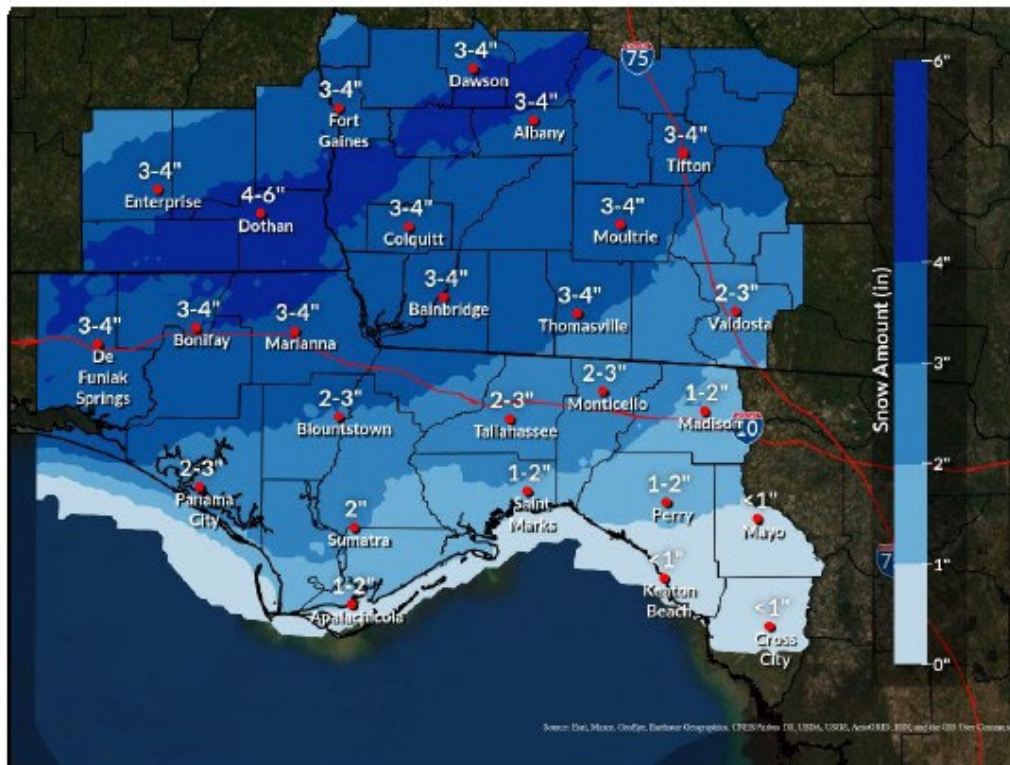

Figure 1: 1/21/25 4:30AM EST Briefing from the National Weather Service in Tallahassee, FL

TIFTON, Georgia – City Offices will close on Wednesday as potentially dangerous cold temperatures and an accumulation of snow is expected for the area.

Additionally, the Tifton/Tift County Landfill and Ryland Environmental will be closed on January 22, 2025. Ryland Environmental will run all routes on Tuesday until approximately 1:00pm.

Police, Fire, and Public Works will still report for duty on Wednesday.

An accumulation of 2 to 4 inches of snow is expected for the Tifton area beginning Tuesday evening. These conditions will compromise trees and powerlines, possibly causing power outages and dangerous driving conditions.

City Manager Larry Lawrence advised City Office employees, "Everyone please stay home tomorrow as Police, Fire, and Public Works attend to all the dangerous situations that may arise. Be safe."
